Records update

Since Wayne Gretzky's retirement, two of his records have fallen and he has gained one record, leaving him with a new total of 60 official records.

- Gretzky's record of 15 regular season overtime assists has now been passed by three players. They are [Nicklas Lidstrom](#) (16), [Adam Oates](#) (17), and [Mark Messier](#) (18).
- [Joe Sakic](#) (16), [Mark Messier](#) (14), and [Ray Bourque](#) (13) have passed Gretzky's record (12) for most All-Star game assists.
- Wayne Gretzky finished his career with a 1.921 points per game average. Only [Mario Lemieux](#), then retired, had a better points per game average at that time. Lemieux came out of retirement in 2000 and played until midway through the [2005–06 NHL season](#). Lemieux's points per game average dropped to 1.883. This gives the record back to Gretzky.

Unofficial records

Along with his numerous official records, Wayne Gretzky also has many "unofficial" records. These other records - though not recognized by the NHL Official Guide and Record Book - are still significant records.

NHL scoring records

- Youngest player to score 50 goals in a season (19 years, two months)
- Most points by an NHL player in his first year: 137. Because of Gretzky's season played in the [WHA](#), he was not considered a rookie in his first year, so the rookie record belongs to [Teemu Selanne](#) with 132
- Most assists by an NHL player in his first year: 86. The rookie record is held jointly by [Peter Stastny](#) and [Joe Juneau](#) with 70 assists. Note that the record book gives Gretzky the record for most assists and points in a game as a first year player, but not the season totals
